

POLYTURF PLUS PAD & POUR

No two athletic facilities are the same. So why settle for a one-size fits-all flooring system?

With the **Beynon PolyTurf-Plus Pad and Pour**, you can customize your flooring to fit your facility's needs. Choose from a variety of shock pad thicknesses to achieve your desired training and competing characteristics. We then top it with our two-component polyurethane choke coat layer and self-leveling polyurethane wear coat layer for long-lasting durability. Our water-based polyurethane finish - in your choice of colors, textures, and thicknesses - **ensures easy maintenance** and outstanding physical properties.

Water-based color and gameline options are available upon request.

**CUSTOMIZE YOUR
POLYTURF-PLUS PAD AND
POUR SYSTEM TO PERFORM
UNLIKE ANY OTHER**
